I was speaking to Marilyn today regarding the TSCA comments on the Phase III. Marilyn told me that the existing sheet pile was not part of the final remedy for the site and would be removed. This was a surprise to me as I didn't get that explicitly from my reading of the Phase III.

I tried calling Angela and Gerard to see if they knew about this, but just got their VM.

We're going to discuss during the December 8 meeting, but just thought I'd let you know what she told me on this.
